Directors are encouraged to request information from senior executives where they consider such information necessary to make informed decisions.

The Board must convene regular meetings with such frequency as is sufficient to appropriately discharge its responsibilities. It is usual practice for the Board to meet once every second month, supported by a full Board Pack Agenda.

#### **4. Materiality Threshold**

The Board has agreed on the following guidelines for assessing the materiality of matters:

##### **Materiality – Quantitative**

###### *Balance sheet items*

Balance sheet items are material if they have a value of more than 5% of pro-forma net asset.

###### *Profit and loss items*

Profit and loss items are material if they will have an impact on the current year operating result of 5% or more.

Any related party transaction is material for financial purposes.

##### **Materiality – Qualitative**

Items are also material if:

- (a) they impact on the reputation of the Company;
- (b) they involve a breach of legislation or may potentially breach legislation;
- (c) they are outside the ordinary course of business;
- (d) they could affect the Company's rights to its assets;

- (e) if accumulated they would trigger the quantitative tests;
- (f) they involve a contingent liability that would have a probable effect of 5% or more on balance sheet or profit and loss items; or
- (g) they will have an effect on operations which is likely to result in an increase or decrease in net income or dividend distribution of more than 5%.

**Material Contracts**

Contracts will be considered material if:

- (a) they are outside the ordinary course of business;
- (b) they contain exceptionally onerous provisions in the opinion of the Board;
- (c) they impact on income or distribution in excess of the quantitative tests;
- (d) any default, should it occur may trigger any of the quantitative or qualitative tests;
- (e) they are essential to the activities of the Company and cannot be replaced, or cannot be replaced without an increase in cost of such a quantum, triggering any of the quantitative tests;
- (f) they contain or trigger change of control provisions;
- (g) they are between or for the benefit of related parties; or
- (h) they otherwise trigger the quantitative tests.

Any matter which falls within the above guidelines is a matter which triggers the materiality threshold ("**Materiality Threshold**").
